ALLOWANCE

Allowable Subject Matter

3. **Claims 37-40 and 53-55** are allowed. These claims will be renumbered as 1-7.
4. The following is an examiner's statement of reasons for allowance:

The prior art of record do not teach or suggest the claim limitation of a second coded health care provider identifier that identifies a health care provider submitting the document containing medical information and a processor for storing the images of the transmission in a memory location relating to one of the patient accounts associated with the first coded information on the separate facsimile form and further associates the images of the transmission with the second coded health care provider identifier.

The features identified, in combination with other claim limitations, are neither suggested nor discussed by the prior art of record.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
